About

As a Full Stack Developer, I have built multiple apps throughout my learning journey into the tech industry, leading teams with great teamwork and excellent communication skills. Currently, I work mostly with TypeScript, React, Node.js and Python. I have over 1 year of experience in working with these technologies and building complete solutions for companies

Work Experience

Trybe 2022 - 2023

Student Project Leader

I led a team of developers during my time at Trybe on a full-stack project, developing, reviewing and ensuring timely deliveries throughout the execution of my team's tasks.

Estácio 2019 - 2020

Administrative Assistant

Managed high volume of office documents, extracting data and helping to create reports to measure the company KPI's.

Estácio 2018 - 2019

Student Support

Assisted new students with orientation, including introducing them to the institution's facilities, departments, available tools and resolving any academic process-related inquiries.

Education

Universidade Estácio de Sá 2016 - 2020

Bachelor's Degree in Business Management

Skills

TypeScript React/Next.js/Svelte Node.js Express Docker Nest.js Python
